Official Rules, Regulations & FAQ

Flowers:

Category Description

We limit the Sativa and Indica flower entries to genetic lineages that are greater than 70 percent in either species. Competitors will be required to properly categorize their entries. Hybrids can include any combination of Indica or Sativa below 70 percent (60/40, 50/50 and so on).

Competition Packaging Details

Your entry must be placed in a provided package. Each Package must clearly state the name of the category and mg if applicable. This should be done ONLY ONCE on the exterior package that holds your entry.

Judging and Scoring Info

The four categories to be scored from by each Judge are as follows: Aroma; Taste; Visual Appeal; Strength/High; flush; and Medical Benefit.

PLEASE ALSO NOTE: Harvest Fest Cannabis Cup Competition reserves the rights to refuse, disqualify, bar, or otherwise ban any entity or individuals from participating in our Competitions for any reason. In order to protect the integrity of the competition and ensure its fairness, safety and security for all, Harvest Fest Cannabis Cup has a zero-tolerance policy for any rules violations.

The Judging Process:

Harvest Fest Cannabis Cup employs a score system that will account for approximately 100 percent of the total score. This score sheet will be scored by each Judge and will measure his or her professional opinions of each entry. Categories are scored 1-10 by each judge (10 being the highest score). These values are not made public, meaning that both Judges and Competitors are not given the weighted values. The results of this score sheet will not be made available to Judges until the day of event. On the final day of judging, we will calculate each Judge's score for each entry, giving a final Total Score and thus our winners.

FAQ – Frequently Asked Questions

How Many Judges Are There? There are 12 or more judges PER CATEGORY. This depends on entry type and how many categories we run.

Who Are the Judges & How Are They Selected? Our Judges are MMJ patients in Oklahoma. We select our judges from the pool of patients that pre-register with us. We then go to great lengths to screen and ensure that the Judges selected match the category they are judging and that they are extremely dedicated to both the cause and the task of judging. We set out to create a fair and totally transparent competition by soliciting members of our Oklahoma cannabis patient community as judges. We are searching for a diverse group of cannabis connoisseurs from different backgrounds who all have two things in common: a passion for cannabis, and daily exposure to it. Ideally, the judges come from different walks-of-life because they bring different perspectives to the table, which is how we continue to grow and improve our competition.

What Are the Rules Regarding Disqualifications?

Harvest Fest Cannabis Cup reserves the right to disqualify (DQ) entries for any rule's violation and in cases where Harvest Fest Cannabis Cup deems the entry, or practices of the competitor therein, to be against the spirit of fair competition. Entries that have incidents of mold, bacteria, or pesticides as identified either by the competition committee or our partner lab will be privately disqualified, and the competitors immediately notified. If any entry is found to have been tampered with, adulterated, or doctored in any way using any synthetic, artificial, or non-cannabis organic substances, that entry will be disqualified. These rules are solely in place for the safety and welfare of our judges and the community at large. Harvest Fest Cannabis Cup does not offer refunds in the rare event of a disqualification.

Please Note: All judging is conducted by state licensed medical marijuana patients. Entries are collected and distributed under the legal frameworks of Oklahoma's legal medical cannabis program.
